

## BCBA Needed

### **#TeamNTSar needs you!**

Are you a Board Certified Behavior Analyst? Do you find yourself looking for a chance to work with an incredible team and supportive agency? Are you sick of dealing with administrative hassles and billing headaches of dealing with insurance carriers? Do you want the flexibility and autonomy of independent practice? If you answered yes— have we got an opportunity for you!

### **Behavior Analyst Requirements:**

- ⇒ Current Board Certified Behavior Analyst (BCBA) Certification
- ⇒ Strong understanding of ABA principles and teachings strategies
- ⇒ Knowledge of typical child development and Autism diagnostic criteria
- ⇒ Strong communication and time management skills
- ⇒ Competency with development of skill acquisition and behavior reduction programs
- ⇒ Experience providing supervision and training to Behavior Technicians
- ⇒ Capacity for using Electronic Records System

### **Job Summary:**

Provide directed applied behavior analysis to children ages 3 to 18 diagnosed with Autism. Complete intake, enrollment, assessment, treatment plan, graphing, transition and discharge plans. Provide supervision to Behavior Technicians. Facilitate parent trainings. Review, manage & update programming.
